Re: DCPA Membership Committee Quarterly Report

The membership committee consists of me.

We had 2 new members in January/February/March. We currently have 75 total members and 65 of those are active memberships and 44 of those are due for renewal. Emails are being sent as reminders. Welcome emails to the new members are being sent.

We would like to have all members check and make sure their renewal shows updated and if there is an issue then reach out to me. We would like to get everyone either updated in the system to Active or Inactive so we have clear accounting of "Active" members.
